

2025 SNOWMOBILES

POLARIS

FROM MOUNTAINS TO TRAILS. LAKES TO SINGLE TRACK.

WE BUILD THE MOST COMPLETE LINEUP OF SNOWMOBILES FOR WHATEVER YOUR PASSION.

RMK

PGS. 14-25 RMK is engineered and synonymous for Instant Lift, Effortless Control, and Immediate Response. Then we tailor sleds for each rider, from the most advanced to those just starting their deep snow dreams.

INDY

PGS. 26-41 INDY is the known name for epic times on the trail. From the most technologically advanced sleds in the business to the best value to the perfect entry-level sled – know there is an INDY built just for you.

SWITCHBACK

PGS. 42-51 Experience the on-trail or off the map versatility with the sled built to give you the best of both worlds. Switchback helps you tackle days filled with miles of trails with the same confidence as epic hours in the backcountry.

VOYAGEUR

PGS. 52-57 Break new trails, haul more gear, deliver supplies, and when the work is done, ride for fun. Voyageur sleds are built for you to tackle activities and unlock more adventure.

TITAN

PGS. 58-63 Whether your work is work. Or your work is fun. Know that comfort, control, toughness and fun is engineered right into TITAN sleds.

WHAT'S NEW FOR 2025? MORE REFINED. MORE POWER. MORE FOR YOU.

For 2025, we've been hard at work evolving the legendary PRO RMK and RMK KHAOS with smart purposeful enhancements that make the World's Best Purpose-Built Mountain Sleds even better. Lighter, more durable and updated ergonomics. We're introducing our easiest to ride RMK, yet... the RMK SP. It easily initiates sidehills and holds your line. For trail riders, DYNAMIX suspension, available on the INDY VR1, continuously adjusts on the fly and is the only system with control of all four shocks, as well as key vehicle inputs, to increase confidence and handling on the trails. The Patriot 9R makes its way into the INDY XCR and will redefine what trail and ditch performance feels like. And new for 2025, Crossover riders can choose from a Patriot 9R Switchback Assault for lightning fast throttle-response. While widetrack riders can take advantage of the all-new 650 Patriot TITAN Adventure built on the Matryx platform. With all these choices, 2025 is going to be a very good year.

7S DISPLAY

RIDE COMMAND
**INDUSTRY-EXCLUSIVE.
INDUSTRY-LEADING.**

7-INCH GLOVE TOUCH COMPATIBLE DISPLAY
Easy control in cold weather. Dedicated day and night mode. Display adjusts automatically based on ambient light levels.

TRACK AND COMMUNICATE WITH YOUR RIDE GROUP
Industry leading, Vehicle-to-Vehicle Group Ride allows you to see and follow your group – whether you have cellular connectivity or not. Easily communicate with your group too with Group Ride Messaging, allowing you to stay in touch no matter what.

PLAN & NAVIGATE WITH ONBOARD POINTS OF INTEREST
Create and plan your route using the complimentary Polaris mobile app and RIDE COMMAND website. View a full set of gas, food, and lodging information all on the industry's leading trail data set. Later, seamlessly sync your planned routes and other ride data to and from your Polaris account.

DYNAMIX SUSPENSION

GROUP RIDE

ON YOUR DASH 7S DISPLAY POWERED BY RIDE COMMAND

This industry-exclusive display, designed for the Matryx platform, brings a whole new level of intuitive, touch-screen control and customization with our largest and most sophisticated display yet. With on board diagnostics, customizable gauge screens, the ability to control SmartWarmer settings and also monitor the DYNAMIX modes and settings on INDY VR1 DYNAMIX equipped models. The 7S Display is so much more than just a gauge, it's a technology center.

ON YOUR PHONE THE POLARIS APP POWERED BY RIDE COMMAND

Go mobile. Put the plan in your pocket no matter what sled you ride with the Polaris App powered by RIDE COMMAND. Take full advantage of Group Ride, Route Planning and Land Owner info. Available on the App Store or Google Play.

ON THE WEB THE RIDE COMMAND WEBSITE

Download and utilize the most up to date RIDE COMMAND data, plan your rides, and manage all of your tracks, waypoints, and more. You can even follow group rides from home if you can't make the trip using the web. Use the RIDE COMMAND website to manage your garage of vehicles. Get service notifications and other info essential to keep your sled ready.

ENGINES

CHOICES FOR EVERY RIDER.

From our ProStar S4 to the revolutionary power of the Patriot Boost, ultimate responsiveness of Patriot 9R, the proven 650 and 850 Patriot, and the 550 Liberty, we're proud to deliver the fun factor that keeps you pushing more miles with reliability and confidence. Our engines are purpose built to integrate seamlessly with the lightweight and agile Polaris platforms. Polaris sets the industry benchmark for ultimate performance.

PATRIOT 9R The latest factory mod engine - a 900cc Patriot delivering lightning fast response and lightweight power. Attack the technical terrain with power and response, with a new level of effortless control.

"THE 9R FROM POLARIS IS ABSOLUTELY INCREDIBLE. IF YOU'RE THE TYPE OF RIDER THAT LIKES TO RIDE TIGHT TREES AND RAVINES WHERE YOU NEED THAT GOOD DOWN-AND-DIRTY THROTTLE RESPONSE, THE 9R IS TOTALLY FOR YOU."

- SAHEN SKINNER, TEAM POLARIS ATHLETE

PATRIOT BOOST The Patriot Boost engine delivers superior consistency and control, unrivaled in 2-stroke turbo engines. The patented SmartBoost system represents a breakthrough in turbocharged 2-stroke technology. It delivers stable combustion at boost pressures up to 9 psi, enabling turbocharged 2-stroke power* with refined, hassle-free performance.

"IT STILL BLOWS ME AWAY THAT THIS IS A MACHINE THAT THE AVERAGE CONSUMER CAN WALK INTO THEIR DEALER OR SNOWCHECK ONE! THE BOOST IS SUCH AN ANIMAL!"

- CHRIS BURANDT, TEAM POLARIS ATHLETE

*Based on internal Polaris testing

850 PATRIOT Built from 25+ years of learnings with Polaris Liberty engines, 850 Patriot takes premium performance to the next level with relentless acceleration, quick response, and legendary durability.

650 PATRIOT The king of the core engine class. The 650 Patriot is built on the proven Patriot architecture and designed to deliver unparalleled durability, refined run quality and a new level of fuel economy. Throttle response is instant, power is pure and acceleration is smooth from first pull to full throttle.

PROSTAR S4 The ProStar S4 is based on the proven 4-stroke ProStar architecture that powers millions of Polaris off road vehicles. Designed for easy ownership, cover more miles and get more done this winter with long range and easy service intervals. The ProStar S4 engine features a new intuitive electronic throttle control with fun and dynamic performance in the under 100 hp class.

"THE ELECTRONIC THROTTLE IS SO EASY ON YOUR THUMB WITH MINIMAL INPUT. IT'S SO SMOOTH-ANYBODY COULD RIDE THIS THING WELL. IT'S AN EASY TO RIDE MACHINE WITH A CONTROLLABLE POWER AND LOW MAINTENANCE."

- LEVI LAVALLEE, TEAM POLARIS ATHLETE

LIBERTY 550 The Liberty 550 engine is fan-cooled to provide consistent power, regardless of snow conditions. It's equipped with CVTech PowerBloc 50 Drive and In Vance Driven Clutches for smooth engagement and enhanced low-speed drivability.

FOUR-STROKE MODELS THAT ARE BUILT FOR THOSE THAT WANT IT ALL.

SMOOTH POWER. FUEL EFFICIENCY. AND PLENTY OF FUN.

We've taken the iconic four-stroke engine architecture that's powered many Polaris Off Road vehicles and created a version, purpose-built for snowmobiles. The ProStar S4. Enjoy longer service intervals and fewer fuel stops with the 4-stroke efficiency of ProStar S4. An easy-pull, drive-by-wire throttle adds to riding comfort even on the longest rides combined with three drive modes (ECO, Normal and Sport) and you've got a fun sled in the under 100hp class for new and experienced riders alike.

RMK

THE WORLD'S BEST PURPOSE-BUILT MOUNTAIN SLEDS. RMK is engineered and synonymous for Instant Lift, Effortless Control, and Immediate Response. Then we tailor sleds for each rider, from the most advanced to those just starting their deep snow dreams.

MOUNTAIN

RIDER FIRST DESIGN

REDEFINING THE WORLD'S BEST MOUNTAIN SLED

THE MOUNTAIN RIDERS DREAM **MATRYX** PLATFORM

EFFORTLESS CONTROL IN ANY CONDITION

The RMK Matryx platform features a next-level rider interface. A sculpted cockpit, narrow seat and tapered tunnel combine to deliver superior rider connection delivering ultimate control in all terrain.

UNMATCHED DEEP SNOW PERFORMANCE

The patented architecture of the RMK Matryx platform delivers instantaneous lift and lightning fast response. The tapered low drag tunnel and Polaris-exclusive tracks lift the lightweight chassis on top of the snow, and the low-inertia QuickDrive system creates instant response.

THE MOST ADVANCED TECHNOLOGY ON SNOW

With innovation built around the rider, the RMK Matryx platform takes you places you only dream about. From the centralized cooling system to the QD2 drivetrain and the integration of the available 7S Display with Ride Command, the RMK Matryx is the most advanced sled on the mountain.

[LEARN MORE ABOUT THE MATRYX PLATFORM AT POLARIS.COM](https://www.polaris.com)

NEW FOR 2025: **RMK FAMILY UPDATES**

If there is anything you can be guaranteed of, our RMK engineers never stop working to make the best mountain sled even better. For 2025, there are a host of feature updates designed to improve your riding experience. From enhanced rideability to reduced weight and increased durability, our 2025 RMKs are our best mountain sleds to date. And that is saying something.

STANDARD LED HEADLIGHT
Shed weight while still delivering fantastic LED light quality in the darkest areas and conditions.

NEW THROTTLE SYSTEM
New throttle system for all-day control.

**NEW LIGHTWEIGHT RUNNING BOARDS
+ SUSPENSION PADS***
Designed for enhanced cleanout, reduced snow build and the ideal amount of traction. Available on 155 and 165 models.

* PATRIOT BOOST + PATRIOT 9R EXCLUSIVE FEATURES

LIGHTWEIGHT DRIVESHAFT*
This 3.5" pitch driveshaft has been redesigned to be both lighter and stronger. Dual extrovert design for optimal track interface.

1" LOWER SEAT DESIGN*
Allows for more clearance on critical backcountry moves like hop overs and wrong-foot forward riding.

PRO RMK

LIFT. CONTROL. RESPONSE.

PRO RMK

THE ULTIMATE IN PRECISION AND CAPABILITY FOR TIGHT, TECHNICAL TREES The PRO RMK is a true factory mod, built to deliver the ultimate performance. The world's best precision mountain sled features a short, tapered tunnel and lightweight design, with the high performance Patriot engine options.

UNMATCHED DEEP SNOW PERFORMANCE

- Narrow design for rider connection, more agility, and less drag.
- PRO RMK Rear Suspension pops up and drives forward in technical terrain.
- Proven power choices: 650, 850, Patriot 9R or Patriot Boost.

ULTIMATE CONTROL IN THE STEEP & DEEP

- Choose the 325 Series 9 track for the deepest days or the versatile 275 Series 8.
- RMK React Suspension easily initiates sidehills and experience less fatigue.
- Walker Evans Velocity or Lightweight Monotube Shocks to fit your riding style.

INDUSTRY-LEADING TECHNOLOGY

- Optional 7S Display powered by RIDE COMMAND offers GPS nav, Group Ride, and more – without need for cell service.
- The short centralized cooling system delivers improved cooling capability while reducing snow and ice buildup.

2025 PATRIOT 850 PRO RMK 165

AVAILABLE COLORS FOR 2025:

2025 PATRIOT 9R PRO RMK 155

NEW FOR 2025 LIGHTWEIGHT DESIGN

NEW FOR 2025 OUR MOST PRECISE PRO RMK, YET.

2025 Patriot Boost and Patriot 9R PRO RMK models are up to **7 lbs. lighter** and have a redesigned throttle system, 1" lower seat, and improved running board clean-out for improved predictability and control to deliver the best RMK experience yet.

RMK KHAOS

THE ULTIMATE IN DYNAMIC AND AGILE ALL-MOUNTAIN PERFORMANCE The RMK KHAOS delivers ultimate agility and fun factor. The world's best all-mountain snowmobile features a short, tapered tunnel and lightweight design, with the 650 and 850 Patriot and industry leading Patriot Boost and Patriot 9R engines, plus Polaris exclusive tracks, for ultimate fun factor in any terrain.

DYNAMIC DEEP SNOW PERFORMANCE

- Narrow design for rider connection, more agility, and less drag.
- RMK KHAOS Rear Suspension delivers playful riding in all-mountain terrain.
- Proven power choices: 850, Patriot 9R or Patriot Boost.

ALL-MOUNTAIN RIDE & HANDLING

- Choose from 146, 155 and 165 track options for your riding style and zones.
- RMK React Suspension easily initiates sidehills and experience less fatigue.
- Walker Evans Velocity Shocks with Hi-Lo compression adjust to fit your riding style.

INDUSTRY-LEADING TECHNOLOGY

- Optional 7S Display powered by RIDE COMMAND offers GPS nav, Group Ride, and more – without need for cell service.
- The short centralized cooling system delivers improved cooling capability while reducing snow and ice buildup.

2025 PATRIOT 9R RMK KHAOS 146

RMK KHAOS

ALL-MOUNTAIN PERFORMANCE

NEW FOR 2025
MORE WAYS TO GET MORE ROWDY

The RMK KHAOS has always been our wild child RMK. Built to be fun and playful with an uncanny ability to wheelie and carry the front end. Available in multiple Patriot power options and 146, 155 and 165 track length options.

POLARIS EXCLUSIVE TRACKS
CHOOSE FROM 155" & 165"

275 SERIES 8 TRACK
2.75" Lug with 3.5" Pitch
Ideal for riding in all conditions

325 SERIES 9 TRACK
3.25" Lug with 3.5" Pitch
Ideal for riding in super deep snow

RMK KHAOS 146 AVAILABLE IN:

AVAILABLE COLORS FOR 2025:

2025 PATRIOT BOOST RMK KHAOS 155

NEW FOR 2025
LIGHTWEIGHT DESIGN

NEW FOR 2025 REDEFINING THE ULTIMATE PLAYFUL & AGILE MOUNTAIN SLED.

2025 Patriot Boost and Patriot 9R RMK KHAOS models are up to **7 lbs. lighter** and have a redesigned throttle system, 1" lower seat, and improved running board clean-out for improved predictability and control to deliver the best KHAOS experience yet.

NEW MODEL FOR 2025 2025 650 RMK SP 155

NEW MODEL FOR 2025 2025 850 RMK SP 155

START YOUR DEEP SNOW ADVENTURE

RMK SP

THE BEST VALUE IN DEEP SNOW PERFORMANCE & VERSATILITY Built for riders who want the easiest riding and most approachable RMK with deep snow capability and on-trail versatility. Available with the easy-riding 650 Patriot or the deep snow standard... 850 Patriot engine.

APPROACHABLE DEEP SNOW CAPABILITY

- A Full-length cooler and tapered tunnel offers versatility whether it's a deep powder day or not.
- Equipped with a versatile 155" 275 Series 8 track for performance in varying snow conditions.
- Proven power choices: the smooth 650 Patriot or the powerful 850 Patriot.

OUR EASIEST TO RIDE RMK

- Narrow Matrix ergonomics are designed for rider connection, more agility, and less drag.
- RMK SP Rear Suspension is designed to easily initiate sidehills and be comfortable on the trails.
- Forged RMK React front end is adjustable from 36"-38" to suit your riding style.

UNBEATABLE VALUE

- The lowest price point in the RMK family. An approachable option for mountain riders.
- The RMK SP is a full-featured RMK. Complete with IFP Shocks and ProTaper® Bars.
- Easily add Matrix RMK accessories when ready to make your ideal mountain sled.

NEW FOR 2025 OUR MOST APPROACHABLE RMK, YET.

When other manufacturers build a value mountain sled, it usually comes with serious compromises. Not the 2025 RMK SP. This sled is every bit an RMK as a PRO or KHAOS, just setup differently with longer cooler and full-length tapered tunnel for added cooling and versatility. And a confident ride calibration that works for novice or expert riders.

MOUNTAIN COLLECTION

RIDER ACCESSORY COLLECTION

Sure, each rider out there is as unique as each snowflake that falls, but there are certain things that unite us all... a desire to customize our sleds. INDY

REDEFINING TRAIL PERFORMANCE. INDY is the known name for epic times on the trail. From the most technologically advanced performance sleds in the business, to the best value, or the perfect entry-level sled – know there is an INDY built just for you.

TRAIL

RIDER FIRST DESIGN

HANDLING BORN FROM RACE, PERFECTED FOR THE TRAIL

THE TRAIL RIDERS DREAM **MATRYX** PLATFORM

BUILT FOR CORNER-TO-CORNER ACCELERATION

Its light, rigid aluminum chassis is designed with an emphasis on power to weight with the patented Polaris Boost, power delivery from the proven 850 Patriot or the 650 Patriot Engine – the king of the 600-class.

EFFORTLESS CONTROL IN ANY CONDITION

The snocross-inspired cockpit has been proven on the track to reduce effort and improve rider connection to the sled. Available ultra-premium Walker Evans Racing Velocity shocks, race-inspired IFS and proven Pro-CC rear suspension combine to create the best handling trail sled ever.

THE MOST ADVANCED TECHNOLOGY ON SNOW

Technology is built around the rider, including the 7S Display with Ride Command featuring patented vehicle to vehicle tracking. SmartWarmers, electronically controlled hand warmers controlled by the soft touch left-hand controls deliver consistent heat throughout your ride.

LEARN MORE ABOUT THE MATRYX PLATFORM AT [POLARIS.COM](https://www.polaris.com)

NEW FOR 2025: **INDY FAMILY UPDATES**

If there is anything you can be guaranteed of, our engineers never stop working to make the best sleds even better. For 2025, there are a host of feature updates designed to improve durability and improve your riding experience. And new for 2025, DYNAMIX Suspension is available on VR1 models and we're introducing the Patriot 9R INDY XCR.

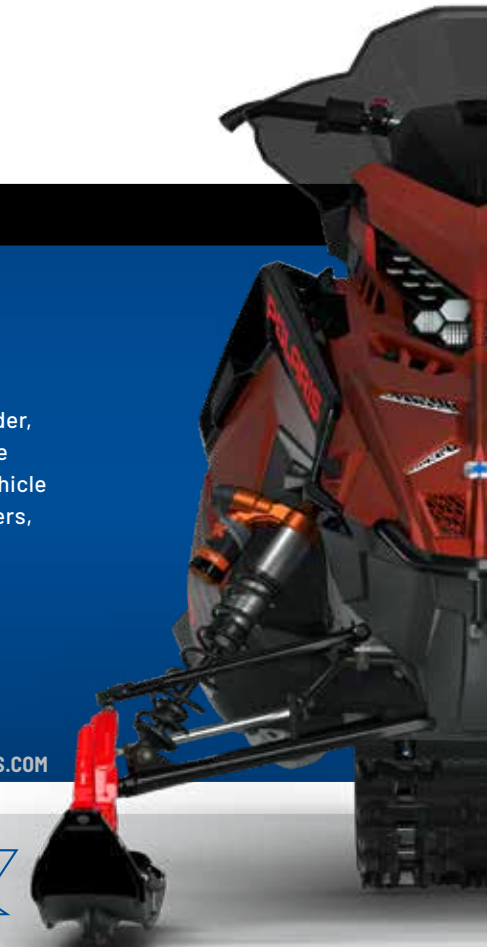

DYNAMIX SUSPENSION

DYNAMIX is the only semi-active suspension on snow with control of all four shocks and continuously adjusts your shocks on the fly, so the suspension is always at the optimal setting to increase comfort, maintain sled stability, and deliver confidence through the roughest terrain.

PATRIOT 9R The latest factory mod engine - a 900cc Patriot delivering lightning fast response and lightweight power. Attack rough ditches and rugged terrain with corner to corner acceleration and raw power.

INDY VR1

ACCELERATION. CONTROL. TECHNOLOGY.

INDY VR1

THE ULTIMATE IN TRAIL PERFORMANCE AND RIDE TECHNOLOGY The INDY VR1 delivers hypersled speed and power, effortless control and the most advanced technology on snow. Built on the Matryx platform, it's a trail riders dream. The narrow cockpit provides improved rider connection to the sled. Helping you move around the sled for unmatched trail precision.

ULTIMATE TRAIL PERFORMANCE

- Matryx platform narrow cockpit for unmatched trail precision.
- Choose a smooth and powerful 650, benchmark in performance 850, or the turbocharged Factory Mod... the Patriot Boost.

EFFORTLESS CONTROL & PRECISE HANDLING

- Polaris Independent Front Suspension delivers precise handling and control.
- Walker Evans Racing Velocity shocks are compliant in the chatter.
- Optional DYNAMIX Active Suspension adjusts shocks on the fly for optimal performance.

INDUSTRY-LEADING TECHNOLOGY

- 7S Display powered by RIDE COMMAND lets you plan, share and track your ride.
- Nightblade headlight delivers exceptional visibility to extend your ride. (Sinister amber accent lights on Patriot Boost models)

2025 PATRIOT BOOST INDY VR1 137

AVAILABLE COLORS FOR 2025:

2025 850 INDY VR1 137 DYNAMIX SNOWCHECK EXCLUSIVE

NEW FOR 2025 DYNAMIX SUSPENSION

DYNAMIX

DYNAMIX

THE MOST ADVANCED SUSPENSION ON SNOW

NEW FOR 2025: DYNAMIX TECHNOLOGY

WE CONTROL ALL FOUR SHOCKS, SO YOU CONTROL MORE.

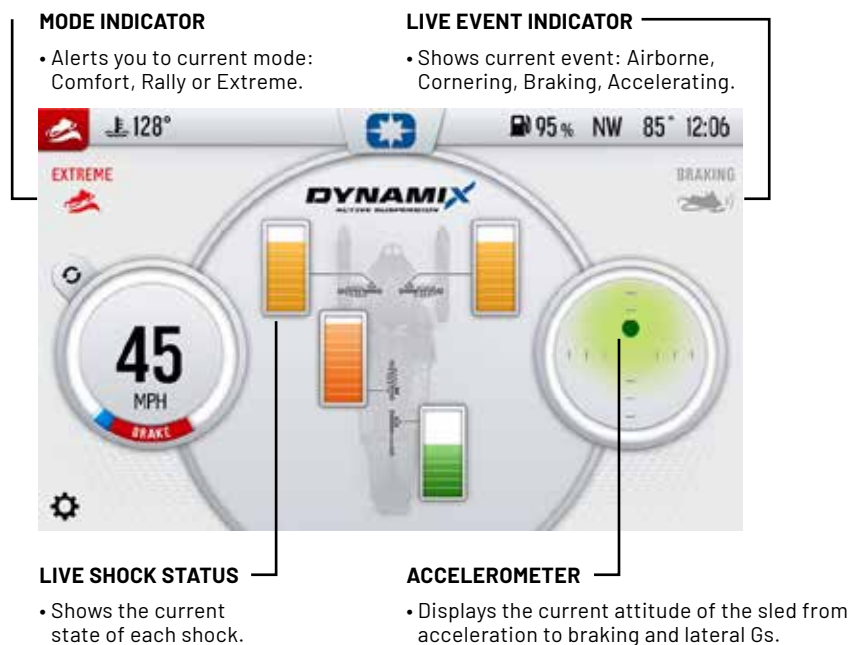

The brain of DYNAMIX is the patented IMU – Inertial Measurement Unit – that senses what the vehicle is actually doing. Every movement from cornering to acceleration to airborne is captured and understood by the IMU, which then dictates shock position and compression to deliver the best trail handling on the snow.

SEMI-ACTIVE SUSPENSION DELIVERING ULTIMATE COMFORT & CONTROL ON THE TRAILS

CONTROL DYNAMIX THROUGH THE 7S DISPLAY.

DYNAMIX is fully integrated with the 7S Display powered by RIDE COMMAND. Easily track the stiffness of all four shocks, suspension mode, accelerometer, and more from your snowmobile's display.

THREE MODES TO GIVE YOU THE IDEAL RIDE

Three suspension modes tailored to snowmobiling that independently adjust compression damping to deliver unmatched drive control in varying trail conditions.

COMFORT

The softest suspension setting for maximum comfort, with easy steering input and a smooth ride, while still enabling bottom out resistance.

RALLY

Designed for the widest range of performance, rallying down the trail tackling high speed corners, tight trails, and smooth & rough trails alike.

EXTREME

The most aggressive and firmest of the three modes, designed to tackle bumpier trail conditions terrain even at high speeds.

DYNAMIX

DYNAMIX DELIVERS UNRIVALED CONTROL
DYNAMIX is the only system on snow with control of all four shocks, as well as key vehicle inputs, to smooth out the whoops and flatten any corner on the trail. The unique control of the front track shock enables control of vehicle pitch and balance, unlocking the next level rider confidence and trail handling. This technology is proven on the RZR off-road vehicle platform and refined for snow applications to deliver the ultimate riding experience.

REDEFINING RIDE DYNAMICS
FOX

INDY XCR

RACE-BRED TO ATTACK THE TOUGHEST TERRAIN Proven on the race track, the INDY XCR on the rider-first Matryx platform leverages decades of dominating performance. Built to deliver precise corner-to-corner handling and big bump capability. Available with 128 or 136 track lengths and Patriot 9R, 850 Patriot or 650 Patriot engine options.

RACE-PROVEN TRAIL PERFORMANCE

- Matryx platform narrow cockpit for unmatched trail precision.
- Choose a smooth and powerful 650, benchmark in performance 850, or the lightning-fast response of the Factory Mod... the Patriot 9R.
- 128 or 136 PRO-CC suspension options.

STRENGTH FOR TOUGH TERRAIN

- Walker Evans Racing 2.0" Velocity Shocks feature Hi-Lo compression adjustability for compliance in the chatter and controlled on the big bumps.
- Polaris Race Technology parts include a race brake system, chromoly torque arms and tether for performance and durability.

INDUSTRY-LEADING TECHNOLOGY

- Optional 7S Display powered by RIDE COMMAND lets you plan, share and track your ride.
- Nightblade Headlight delivers exceptional visibility to extend your ride. (Sinister amber accent lights on Patriot 9R models)

SENTRY TRAIL REAR BUMPER Add protection and style to the rear of your sled. Available in 9 colors.

SWITCHBACK

ON-TRAIL COMFORT WITH OFF-TRAIL CAPABILITY. Experience the on-trail or off the map versatility with the sled built to give you the best of both worlds. Switchback helps you tackle days filled with miles of trails with the same confidence as epic hours in the backcountry.

CROSSOVER

RIDER FIRST DESIGN

HANDLING PERFECTED FOR THE TRAIL – AND OFF-TRAIL

THE CROSSOVER RIDERS DREAM
MATRYX
PLATFORM

RIDER POSITION

The narrow rider cockpit enables active rider dynamics. The seat, tank, and sculpted body panels are developed by riders for a seamless and effortless rider active experience.

ON AND OFF TRAIL VERSATILITY

A lightweight and responsive chassis design with great balance that makes it perform well on and off the trail.

PURPOSEFUL DESIGN

Sleek, purposeful form. Nothing is wasted. Every part has a function. Every detail obsessively perfected.

NEW FOR 2025: **SWITCHBACK FAMILY UPDATES**

If there is anything you can be guaranteed of, our engineers never stop working to make the best sleds even better. For 2025, there are a host of feature updates designed to improve durability and improve your riding experience. And new for 2025, we're expanding our Factory Mod family introducing the lightning quick Patriot 9R Switchback Assault to the already ultra powerful Patriot Boost Switchback Assault.

*Based on internal Polaris testing

PATRIOT BOOST

PATRIOT BOOST The Patriot Boost engine delivers superior consistency and control, unrivaled in 2-stroke turbo engines. The patented SmartBoost system represents a breakthrough in turbocharged 2-stroke technology. It delivers stable combustion at boost pressures up to 9 psi, enabling turbocharged 2-stroke power* with refined, hassle-free performance.

PATRIOT 9R

PATRIOT 9R The latest factory mod engine - a 900cc Patriot delivering lightning fast response and lightweight power. The 9R rips the trails and is responsive off trail.

SWITCHBACK MODELS

SWITCHBACK ASSAULT 146

THE ULTIMATE IN CROSSOVER PERFORMANCE AND RIDE TECHNOLOGY The ultimate crossover snowmobile delivers pure dominance on-trail and off. Built upon the rider-first Matrixx platform, experience complete control with breakthrough rider dynamics. The rider-first, snocross-inspired cockpit has been proven on the track to reduce effort and improve rider connection.

ULTIMATE CROSSOVER VERSATILITY

- Matrixx platform narrow cockpit for maneuverability and balance.
- Choose a smooth and powerful 650, benchmark in performance 850, or the Factory Mods... the new for '25 Patriot 9R or Patriot Boost.
- IGX 146 suspension for off-trail flotation.

EFFORTLESS CONTROL

- Polaris Independent Front Suspension delivers precise handling and control.
- Walker Evans Racing 2.0" Velocity shocks are compliant in the chatter and controlled on the big bumps.
- 146" track offers improved flotation for easier maneuverability off-trail.

INDUSTRY-LEADING TECHNOLOGY

- 7S Display powered by RIDE COMMAND lets you plan, share and track your ride.
- Nightblade headlight delivers exceptional visibility to extend your ride. (Sinister amber accent lights on Patriot 9R & Boost models)
- SmartWarmers allow customized temp settings for thumbs and hands and increased comfort.

SWITCHBACK MODELS

AVAILABLE COLORS FOR 2025:

2025 650 SWITCHBACK XC 146

SWITCHBACK XC 146

THE STANDARD IN CROSSOVER PERFORMANCE A member of the crossover family - the Switchback XC joins the Assault as the industry benchmark for ride and handling both on and off the trail, with the IGX rear suspension, Polaris IFS, and smooth 650 Patriot engine.

ON AND OFF TRAIL CAPABILITY

- Matryx platform narrow cockpit for maneuverability and balance.
- Equipped with a smooth and powerful 650 Patriot engine.

PURPOSE-BUILT HANDLING

- Polaris Independent Front Suspension delivers precise handling and control.
- FOX® QS3® clicker shocks offer easy adjustability and outstanding performance on and off-trail.

INDUSTRY-LEADING TECHNOLOGY

- Optional 7S Display powered by RIDE COMMAND lets you plan, share and track your ride.
- SmartWarmers allow customized temp settings for thumbs and hands and increased comfort all winter long.

CROSSOVER AND LIVE THE TRAILS

SWITCHBACK SPORT

THE START TO FULL-SIZED CROSSOVER FUN The Switchback Sport is a great value for recreational crossover riders looking for a fun ride with precise handling. Features a 144" track. The Liberty 550 engine is fan-cooled to provide consistent power, regardless of snow conditions.

CROSSOVER COLLECTION

RIDER ACCESSORY COLLECTION

Sure, each rider out there is as unique as each snowflake that falls, but there are certain things that unite us all... a desire to customize our sleds. From color accessories to protection parts and of course added storage, Polaris Engineered Accessories are built to help make your best day on or off the trail even better.

CROSSOVER COLLECTION EXPLORE THE POSSIBILITIES

Customization has never been easier. Start with our Rider Accessory Collections, designed for you. These collections include the best and most popular accessories to elevate your riding experience for the way you ride. Explore the possibilities and take your vehicle to the next level.

ESSENTIALS

AUXILIARY PUNCH LIGHT Additional 1,000 lumens per side. Provides better down trail visibility. Turns on with high beam switch.

BURANDT BAG - MEDIUM Turtle shell design for protection and weather resistance. Available in 6 colors. 8.5 liter capacity.

ULTIMATE KNEE PADS Provides protection from bumps against the console. Durable foam construction. Available in 4 colors.

DEFEND HANDGUARDS Oversized design offers increased protection and warmth; available in 3 factory-matched colors.

DEFEND HANDGUARD MOUNTS Made of durable, strong, flexible injection molded plastic Required to install Defend Handguards.

STORAGE

ADVENTURE TUNNEL BAG - LOW Semi-rigid design. Oversized buckles provide easy access with your gloves on. 23 liter capacity.

SPORT TUNNEL BAG - LOW Semi-rigid design. Fits great with M2 Seat. Water-resistant to keep your gear dry. 10 liter capacity.

SPORT TUNNEL BAG - TALL Semi-rigid design. Fits great with M2 Seat. Water-resistant to keep your gear dry. 15 liter capacity.

COMFORT

AUXILIARY FLOOD LIGHT Additional 1,000 lumens per side. Provides better surrounding trail visibility. Turns on with high beam switch.

TRAIL HEATED DRIVER SEAT Easy-to-use high/low/off switch for complete control. Includes all mounting hardware and harness.

PROTECTION

MATRYX GRILL INSERTS Add some style to your Matryx. Available in 9 colors to perfectly match or contrast your sled.

SENTRY SKID PLATE Protection for critical components of your sled. Available in 5 colors.

SENTRY FRONT BUMPER Add protection and style with this accessory bumper. Available in 11 colors.

SENTRY TRAIL REAR BUMPER Add protection and style to the rear of your sled. Available in 9 colors.

VOYAGEUR

WORK. EXPLORE. DO MORE. Break new trails, haul more gear, deliver supplies, and when the work is done, ride for fun. Voyageur sleds are built for you to tackle activities and unlock more adventure.

SPORT UTILITY

VOYAGEUR 146

THE ULTIMATE SPORT-UTILITY SNOWMOBILE The outdoors is calling, and Voyageur is your answer. The Voyageur, built on the Matryx platform, is comfortable and easy to ride taking you anywhere you want to go. The smooth and powerful 650 Patriot engine delivers performance and fun, making the winter possibilities endless.

BUILT FOR WORK. MADE FOR FUN.

- Matryx Platform with rider-first design for unmatched rigidity and durability.
- Equipped with a smooth and powerful 650 Patriot engine.

ON AND OFF-TRAIL CAPABILITY

- Voyageur Adjustable Front Suspension (39-41") choose a 39" stance to sneak through single track, 40" for versatility or 41" for more on-trail stability.
- IGX 146 suspension with tipped rails for easy cornering and off-trail flotation.

BUILT TO DO MORE

- Rugged Cargo Rack allows you to load and lash gear or use Lock & Ride storage solutions.
- Standard Hitch allows you to tow sleds, flip-over fishing shelters or the Polaris Adventure trailer.

BUILT FOR WORK MADE FOR FUN

2025 650 VOYAGEUR 146

AVAILABLE COLORS FOR 2025:

2025 650 VOYAGEUR 146

VOYAGEUR FAN-COOLED MODELS

FACTORY-BUILT FOR ADVENTURE

VOYAGEUR LXT

THE BEST VALUE IN TWO-UP WORK AND PLAY The Voyageur LXT is purpose-built for touring riders at a great value. The proven Pro-Ride chassis and 550 Liberty engine deliver confidence that makes your day on the snow the best it can be.

VOYAGEUR ADVENTURE

ADVENTURE AND VERSATILITY YOU CAN SHARE The 550 Voyageur Adventure is purpose-built as a do-it-all snowmobile. Haul gear and a passenger – or convert it to a solo rider machine. The Liberty 550 engine is fan-cooled to provide consistent power, regardless of snow conditions.

2025 550 VOYAGEUR 155

2025 550 VOYAGEUR 144

550 VOYAGEUR 144 / 155

THE MOST CAPABLE VALUE IN WORK AND PLAY. The 550 Voyageur is the ideal companion for any wintertime activity, work or play. Tow with it, haul with it, have fun with it. The Voyageur is available in two distinct versions. Choose from the nimble Voyageur 144 or added flotation of the Voyageur 155.

TITAN

HARDEST WORKING, MOST FUN WIDETRACK. Whether your work is work. Or your work is fun. Know that comfort, control, toughness and fun is engineered right into TITAN sleds.

WIDE TRACK

TITAN MATRYX MODEL

650 TITAN ADVENTURE 155

ULTIMATE WIDETRACK CAPABILITY. DEEP SNOW AGILITY. Built with a single focus... do-it-all. The patent-pending rear articulated suspension, impressive backing up capabilities, integrated utility features, and more, the all-new TITAN Adventure on the Matryx platform is the most capable widetrack from Polaris. From the tundra to the deep snow to the trails, explore further with confidence.

NEXT LEVEL PERFORMANCE

- Matryx platform narrow cockpit for maneuverability and balance.
- 650 Patriot delivers smooth power and quick throttle response.
- **NEW** BackTrak20 Rear Suspension features revised geometry to climb on top of the snow, forward or reverse.

UNMATCHED CAPABILITY & COMFORT

- **NEW** Standard tow hitch and integrated rack with Lock & Ride Passenger Seat.
- **NEW** Bodywork design features increased wind protection plus integrated hand and thumb warmers for increased comfort.
- **NEW** High clearance IFS for better deep snow performance - forward or reverse.

CONFIDENT HANDLING

- 7S Display powered by RIDE COMMAND lets you plan, share and track your ride.
- Massive 20" x 155" Cobra track to easily navigate on or off-trail.
- **NEW** Trailbreaker Skis provide increased performance on and off-trail, forward or backward, for confidence in varying terrain.

MATRYX TITAN ACCESSORIES

Sure, each rider out there is as unique as each snowflake that falls, but there are certain things that unite us all... a desire to customize our sleds. From color accessories to protection parts and of course added storage, Polaris Engineered Accessories are built to help make your best day working or playing – even better.

PROTECTION

NEW HD FRONT BUMPER
Rugged, heavy-duty wrap-around bumper with integrated front-facing winch mount.

NEW RUNNING BOARD CLOSEOFF
Helps keep your running boards free of snow and ice build-up for better traction and control.

2025 QUALITY UPDATES

POLARIS IS DEDICATED TO CONTINUOUS IMPROVEMENT

We're dedicated to building the highest quality, highest performing sleds in the industry. Through continuous testing and development we make upgrades to our products. We've compiled the list below to show in one location our planned quality updates for the upcoming model year (and also in service of winter 23/24 where applicable).

POWERTRAIN UPDATES

650 PATRIOT: NEW PISTON
Improved heat transfer for improved durability.

850 PATRIOT: NEW PISTON
Shares same casting as Boost for improved durability.

850 PATRIOT: UPDATED OILING CALIBRATION
Increased oiling below 5000 RPM – improved durability.

PATRIOT BOOST – NEW AUX. INJECTOR HARNESS
Updated & improved injector potting and premium wire – improved reliability (available in service winter of 23/24).

PATRIOT BOOST – IMPROVED TURBO SEAL
Improved sealing & reliability (service kit backward compatible).

PATRIOT BOOST – NEW BYPASS COOLANT LINE
Improved routing.

NEW THROTTLE BODIES (All RMK Models)
New grease and cam changes compatible with new RMK throttle for improved durability.

PATRIOT 9R UPDATED CALIBRATION
Improved low elevation performance for Patriot 9R, driven by 9R trail performance/crossover MY25 launch.

NEW SPARK PLUG BPR8ES (All Patriot Engines)
Hotter heat range for more consistent performance and resistance to fouling. (Available in service winter of 23/24).

NEW PTO REAR ENGINE MOUNT (All Patriot Engines)
New PTO rear mount bracket with 2 bolt configuration for improved durability.

NEW P22 FORGED SPIDER, COVER, AND CLUTCH BOLT (Patriot 9R + Boost Engines)
Forged spider, new cover, and improved bolt, building on the 2024 quality and durability improvements.

CHASSIS UPDATES

NEW COOLANT BOTTLE (PROSTAR S4 Models)
Designed for less aeration and improved cooling performance.

NEW OIL BOTTLE SCREEN MESH (All Matryx Models)
Reduced 'air bubble' near oil bottle and improved bleeding of air.

NEW 5-WAY SWITCH (7S Equipped Models)
Upgraded 5-way switch for added durability.

NEW RMK THROTTLE (All RMKs)
New throttle system for all-day control.

NEW STARTER AND BENDIX (Patriot 9R & Boost Models)
Improved durability and cold starting performance.

NEW RECOIL ROPE GUIDE (All Patriot Engines)
Increased rope wear resistance.

NEW DRIVESHAFT (Patriot 9R & Boost RMK Models)
Improved durability and lighter weight.

NEW STRONGER REAR BUMPER (All Matryx RMKs)
Improved durability of the rear bumper and rear tunnel.

NEW DUAL EXTROVERT DRIVESHAFT (Patriot 9R & Boost Switchback Assault Models)
Improved ratcheting resistance & performance.

NEW RAIL CAPS (All Matryx RMKs)
Improved durability and performance.

NEW EXHAUST ISOLATOR MOUNT (All Patriot Models)
Increased heat performance for improved durability.

NEW WASTEGATE ACTUATOR SHAFT (Patriot Boost Engines)
Increased engagement of shaft and wastegate for improved durability.

NEW BOOST TUBE (Patriot Boost Engines)
Improved sealing & reliability.

NEW 550 DRIVE BELT (550 Engines Only)
Upgraded material for improved durability.

SNOWCHECK 2025

EXCLUSIVE TECHNOLOGY. NEXT LEVEL CUSTOMIZATION.

SnowCheck is a once-a-year opportunity to get exclusive factory customization to build your dream sled and choose your model, engine, colors, options, and technology with our best warranty of the year. For '25, Mountain riders can get the 9R Patriot or Patriot Boost engine in a updated Matryx RMK platform. For our trail and crossover riders, we bring you the Patriot 9R INDY XCR, INDY VR1 with Dynamix Suspension, and a Patriot 9R Switchback Assault 146, all built upon the rider-first Matryx platform. You won't want to miss out this year.

MORE COLORS. MORE CHOICES. SNOWCHECK BY MARCH 27 AND BUILD YOUR PERFECT SLED FOR NEXT SEASON.

In addition to the SnowCheck exclusive models, SnowCheck allows you to customize your perfect sled. Remember, SnowCheck allows you to pre-order any of the great sleds in the Polaris lineup and make sure you'll have the exact sled you want next season.
